**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I have a design and construction business and always was hindered by slow internet service. The best that AT&T could offer me was 6mbs, and I tried to run my business which requires that I send by email drawing and design files over the internet. This process was very slow with AT&T and sometimes required me to send multiple pages of drawings one email at a time.... That was not efficient for me nor my clients.

Then Sonic came into our neighborhood and their service technicians were terrific and the speed of the 1,000 mbs over fiber lines has helped me tremendously.... The pricing that Sonic offers could not be matched by AT&T and AT&T could not offer me this fiber service.  
Now with competition, I found Sonic, it has saved my business....

Thank you,

Mark Sultana
